AMENDING PART II, CHAPTER VIII OF THE SAN FRANCISCO MUNICIPAL CODE (POLICE CODE) BY ADDING ARTICLE 10.1 THERETO REGULATING THE EXPOSURE OF PHOTOGRAPHS, CARTOONS OR DRAWINGS ON NEWSRACKS; PROVIDING FOR DEFINITIONS, PROVIDING REMOVAL THEREFROM MAKING FINDING OF A PUBLIC NUISANCE AND PROVIDING FOR A SEVERABILITY CLAUSE.

RESOLVED, that the Board of Supervisors, be, and they are hereby requested to amend Part II, Chapter VIII of the San Francisco Municipal Code (Police Code) by adding Article 10.1 thereto, as follows:

Be it Ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter VIII of the San Francisco Municipal Code (Police Code) is hereby amended by adding Article 10.1 thereto reading as follows:

SEC. 715. Definitions

a) "Person" is an individual, firm, partnership, joint adventure, association, social club, fraternal organization, joint stock company, corporation, estate, trust, business trust, receiver, trustee, syndicate, or any other group or combination acting as a unit, excepting the United States of America, the State of California, or any political subdivision thereof.

b) "Street" is a way or place of whatever nature, publicly maintained and open to the use of the public.

c) "Sidewalk" is that portion of a street other than the roadway, set apart by curbs, barriers, markings or other delineation for pedestrian traffic.

d) "Newsrack" is any self-service or coin-operated box, container, storage unit, or other dispenser installed, used, or maintained for the dis-

play and sale of newspapers or news periodicals.

SEC. 716. Newsracks on Sidewalks. No person shall sell, offer for sale, or keep or maintain any newspaper or news periodicals in any newsrack located on any public sidewalk or street in such a manner as to expose to the public view any photograph, cartoon or drawing, contained within such publication, displaying any of the following:

1. The genitals, pubic hair, buttocks, natal cleft, perineum, anal region, or pubic hair region of any person other than a child under the age of puberty;
2. Any portion of the breast, at or below the areola thereof, of any female person, other than a child under the age of puberty.

SEC. 717. Provisions for Removal. Any newsrack installed, used or maintained in violation of the provisions of this article shall be removed to a place of storage by the Chief of Police or any officer or employee designated by him. Upon failure of the owner to claim such newsrack and pay the expenses of removal and storage within 30 days after such removal, said newsrack shall be disposed of pursuant to the provisions of Section 1400 of Part II, Chapter VIII of the San Francisco Municipal Code (Police Code).

SEC. 718. The Board of Supervisors of the City and County of San Francisco finds and declares that the maintenance of newsracks on public sidewalks and parkways containing newspapers and news periodicals that contain photographs and drawings, visible

to the public view while in said newsracks, of those portions of nude human bodies as specified in Section 716 of the San Francisco Police Code constitutes a public nuisance upon the sidewalks and parkways of said City and County, and the ready availability of such creates a condition wherein enforcement of the Penal Code of the State of California regarding the sale of Harmful Matter to minors becomes extremely difficult, and the City and County, through its law enforcement agencies, is unable to enforce the provisions of the Penal Code relating to Harmful Matter as it should be enforced.

SEC. 719. Penalty Provision Not Applicable.
Section 16 of Ordinance No. 1.075 (Bill No. 1734) shall not apply to the provisions of this Article.

SEC. 720 Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this Article or any part thereof, is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Article or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional or invalid or ineffective.

HEARING OF ALBERT A. VELLA, RED AND WHITE CAB NO.23

The matter of Albert A. Vella, Red and White Cab No- 23, came before the Police Commission on this day for hearing.

Lieutenant Robert C. Seghy, Permit Bureau, appeared before the Commission and presented facts regarding Mr. Vella's violation of Department policy relative to permit violations and improper management of his Red and White Cab No. 23, as follows:

- a) Evidence was submitted in the form of way bills, to show that on at least two dates both cabs were on the street at the same time. Mr. Vella denied knowledge and said that his drivers must have taken the cabs

without his permission.

- b) Inspection of waybills also showed that during a period of twenty-two (22) working shifts, 738 runs were unaccounted for. In dollars this shortage could amount to \$3,520 in unreported income per year for the permit holder as well as unreported income for the drivers.
- c) Additionally, it was found that the waybills, accepted as records by Mr. Vella as required by Municipal Police Code, Section 1135.3, were generally incomplete and often missing.
- d) The dates on which it was established that Mr. Vella had an additional cab on the street were November 1, 1974 and November 8, 1974. On these dates Mr. Vella was still on six-months probation from the Police Commission; said probation ordered July 9, 1974, for the operation of a non-medallion cab.

Mr. Vella appeared personally at the hearing in his own defense, and admitted that he had used a Xerox-type copy of his medallion in his spare cab, but stated that the only intent was to avoid transferring the regular medallion from cab to cab. He denied knowledge of the use of the legal cab and the spare cab at the same time.

The Commission took the matter under submission at 1820 hours, and will render a decision at a later date.

PRESENTATION OF CAPTAIN CLEMENT D. DEAMICIS,
RICHMOND POLICE STATION, ON THE FEASIBILITY
OF THE ESTABLISHMENT OF A CRIME PREVENTION
UNIT.

Captain Clement D. DeAmicis appeared before the Police Commission and made his presentation on the feasibility of the Establishment of a Crime Prevention Unit in the San Francisco Police Department. He recommended that this unit be made a part of the Public Affairs Office of this Department and be under the direction and control of the Public Affairs Officer. He stated that a Crime Prevention Unit has the obligation and responsibility to prevent crime and should attempt to prevent crime by appropriate public education programs. He further stated that the Unit would educate the public and police in specific crime prevention measures designed to reduce the rate of crime in our city.

The Unit would involve citizens in crime prevention activity and will establish programs that encourage members of the public to take an active role in preventing crime, provide information leading to the arrest and conviction of criminal offenders, facilitate the identification and recovery of stolen property, and increase liaison with private and public security efforts. He also stated that the Unit would bring about the implementation of the National Advisory Commission on Criminal Justice's recommendation that every police agency with more than 75 persons should establish a special unit to develop a Crime Prevention Program.

Police Commission President, Mr. Marvin E. Cardoza, stated that the Department is very much in favor of a Crime Prevention Unit. The concept of this unit has been undergoing serious study and consideration by the Police Commission and Chief of Police Donald M. Scott.

Deputy Chief of Police William J. Keays, stated that Chief Scott under the auspices of the Police Commission had already placed the wheels into motion by sending Lieutenant Frank Jordan to the first Crime Prevention School established in this State by California's Peace Officers Standards and Training. Upon completion of the school, Lieutenant Jordan will be assigned to the Public Affairs Office to handle the added responsibility and workload in the implementation of this program.

ESTABLISHMENT AND IMPLEMENTATION OF A CRIME PREVENTION EDUCATIONAL UNIT IN THE SAN FRANCISCO POLICE DEPARTMENT.

Chief of Police Donald M. Scott, introduced Lieutenant Frank Jordan, Officer-in-Charge of the Newly formed Crime Prevention Educational Unit in the San Francisco Police Department. Lieutenant Jordan stated that it has been the thrust throughout the state of a joint committee to educate the public in crime prevention. His plans are to go to the District

Stations and during roll call training of the officers, instruct them and advise them of their responsibility to inform the citizens as to how to make their homes more secure. He stated that public assistance and cooperation was imperative. Citizens will be informed of the feasibility of placing identification numbers on their property which would assist the police department in its effort to locate the proper owner. This would tend to eliminate the necessity of the Police Department's Property Division holding periodic auctions. Instead of auctioning; the property could be returned to its rightful owner. Also, thieves are very hesitant in stealing property that is easily identifiable. Programs would be initiated to reach each and every segment of the community.

Commissioner Cardoza stated that the Commission is in full support of the program. It is a tremendous field and the Community must be encouraged to participate, which would not only help us but help them also.

RESOLUTION NO. 97-75

POLICE OFFICER TROY H. DANGERFIELD REPORTING
ON THE PROGRESS OF THE POLICE MINORITY RECRUIT-
MENT PROGRAM.

It has been one year and one month since I last reported to you on this Project.

First of all, let me thank the Board of Supervisors and the Administration for allowing me the opportunity to work so diligently on this Project.

Let me tell you some of the things that have occurred. I think one of the things that is significant is that the program has been pretty successful.

The testing and selection process for the position of Q-2 police officer began Saturday October 5, 1974 at 0800 hours. This was the date and time that the San Francisco Civil Service Commission administered the written examination for police cadet and police officer. Listed are some numerical facts.

There were 6,644 applicants (cadets and Q-2) processed by the San Francisco Civil Service Commission.

	*Scheduled		Completed Test	
	Males	Females	Males	Females
Written Test	2,500+	1,552+	1,370	404
Vision Test	1,212	357	1,115	272
Athletic Test	1,056	266	907	166
Oral Interviews	Unknown	Unknown		

*Make-up athletic and vision test will be scheduled for returning service persons and for other candidates who complete or compete in the athletic tests because of illness, injury or extreme personal circumstances. There are at least 40 males and 20 females candidates eligible for make-up tests.

The federal court is expected to make a determination very soon on the issue of an equitable cut-off score for the physical agility test. Until that time the number of candidates who will be scheduled to compete in the Oral Interview phase of the process will remain unknown.

The general feeling developed in the court, is that the presiding judge will not issue an order establishing hiring on a quota basis. This is due to some degree, the fact that aggressive San Francisco Police Minority Recruit Program has maintained 50-50 ratio of minority and women to non-minority candidates.

I would personally prefer a definite quota,

because quotas are goal orientated. A democratic police department requires that it be representative of the community's make-up. Perhaps the thinking of the court is that the department and Civil Service can set goals and time tables or at least maintain an effective affirmative action program without the dictates of the courts.

In my first report to this Commission in February, 1974 I stated the opinion that recruitment goes beyond the mere obtaining of an application from a candidate. It involves selling him on the position and retention. It is necessary that some of the recruitment staff become involved in the "initial career counseling" stages of some of the new recruit officers.

In conclusion, Chief Scott, the Minority Recruitment staff, the Citizen's Committee and all the individuals and organizations that supported the project believes that when all facts and figures are in, and a list of eligible Q-2 officers and cadets are published, it can be shown that the project has more than met its stated objectives. As a result this department stands better prepared to meet the challenges of the future.

The Commissioners thanked Police Officer Troy H. Dangerfield for his comprehensive report.

Commissioner Marvin E. Cardoza, President, opened the Hearing by issuing the following statement:

"Commissioner Garner, Commissioner Buckley join me in extending to each of you a warm welcome to this meeting.

The San Francisco Police Department has previously submitted to this Commission 3 manuals for consideration and adoption. They are:

1. Policy Manual
2. Manual of Rules
3. Manual of General Procedures.

There have been inquiries from the public as to these manuals. Several people have requested permission to express their views on them. So tonight, we will allow interested persons the opportunity to do so.

To those of you who wish to speak, if you have not already done so, please fill out a card. It may be obtained from Sergeant Frazier. You will be called in a chronological order. Your comments will be recorded both by a court reporter and on a tape recorder. You are also invited to submit comments or suggestions in writing if you so desire. Your letter should be sent to the Police Commission, 850 Bryant Street, Hall of Justice, San Francisco 94103. It is a matter of importance that these manuals be adopted promptly. It will take some time to have them printed and distributed. Among other reasons, they must be ready for applicants studying for promotional examinations.

We ask that you limit your remarks to subject matter contained in the manuals.---matters that should be changed, eliminated or added. We want your comments, suggestions and recommendations. Please whenever possible refer to the Chapter,

paragraph and page number.

So that you may not be detained, you may speak on each of the manuals when your name is called. We thank you for your interest in the Police Department. Your comments, suggestions, and recommendations will be carefully studied."
